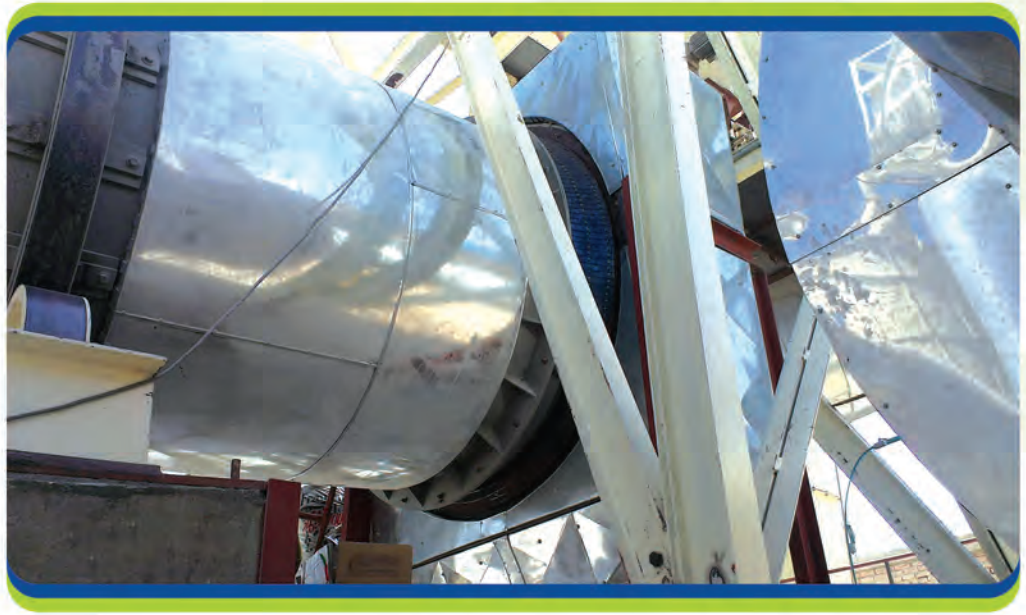
التعريف بالشركة

- شركة مصرية تعمل منذ عام ٢٠٠٧ في مجال تصميم ، تصنيع ، تنفيذ ، تشغيل وصيانة المعدات لإستخلاص وتركيز الخامات .
- تقدم الشركة الحلول المناسبة في هذا * المجال من حيث تصميم وتنفيذ خطوط الإنتاج وتركيز الخامات وعمل لوحة السريان لكافة الخامت التعدينية المختلفة طبقاً للتحليل الحجمي والكميائي للمدخلات والمخرجات
- تتم أعمال التصميم والتنفيذ وكافة الأعمال مع توافر المرجعية العلمية والعملية المكتسبة من الشركات العالمية بأيدي مصرية شابة بالتعاون مع :

مركز بحوث وتطوير الفلزات بالتبين.
مركزالتصميمات الميكانيكية بجامعة – القاهرة.
بهدف رفع شعار "صنع في مصر"

Company Profile

- We are an Egyptian company working since 2007 we provide projects on "Turn Key" basis for mineral processing and chemical plants. Also able to offer a comprehensive range of services and technical solutions from design, fabrication, manufacture, maintenance, commissioning, electrical works and automatic control for processing plants, chemical plants, mining equipment, air pollution control and water waste treatment. Also we can work in expansion and renovation of existing plants.
- Our company is said to be unique in this field in the Egyptian and Middle East market. The experience we have is gathered from our team of young experienced mechatronics engineers, professors in variety of engineering fields, Egyptian Central metallurgical Research and Development Institute and Multinational leading companies' know how.
- The trust in our products comes through our R&D policy that ensures that customized solutions are worked out and tested to the client's satisfaction by developing pilot plant equipments before the main plant



Company Services

We provide Design, Manufacture, Installation and Maintenance for the following:

- Dryers industrial "Belt Drier, Rotary Drier, etc..
- Raw materials extraction equipment "Attrition Scrubber, Screw Classifier, etc..
- Pollution abatament equipment "Bag Filters, Cyclones, etc..
- Material Conveyors " Bucket Elevator, Belt Conveyor, Screw Conveyor, Air Lock, etc..
- Manufactures various " Butterfly Damper, Diverter two & three ways, sliding gate, etc.
- Do projects (turnkey) in this field industries.

خدمات بالشركة

تصميم وتصنيع وتركيب وصيانة :

- المجففات الصناعية بأنواعها .
- معدات إستخلاص وتركيز الخامات.
- جميع أنواع المعدات وخطوط السحب اللازمة لمنع الأتربة والغبار المنبعثة من المصانع.
- نواقل الخامات المختلفة.
- القيام بمشروعات "تسليم مفتاح" في صناعات هذا المجال.

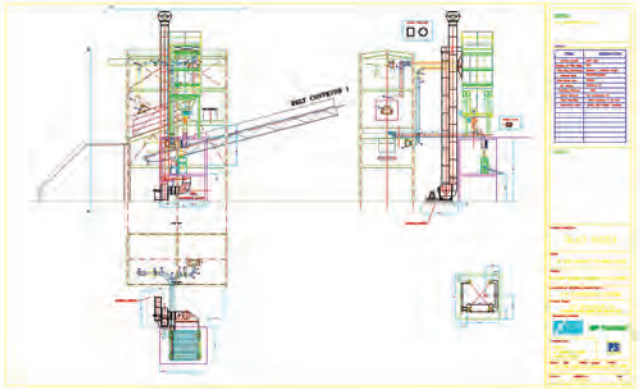
Mission & Vison

To take the lead in material processing equipments design & manufacturing locally and assembly many equipments for international company in Egypt.

To minimize the cost of process plant solutions to fit the local investments.

To develop our products according to the international standards that it can compete other foreign made ones.

We are hoping that you would be one
of our valuable customers and give us the honor to give you our experience
to help you improve your plant for the latest
update of technologies in the field.



رؤيتنـــا وأهدافنا

تعميق التصنيع المحلي بهدف رفع شعار (صنع في مصر)

بكل فخر صنع فى
مصر
علامة الجودة

بكل فخر .. صنع فى مصر

Our Some Products

بعض من منتجاتنا

Silos

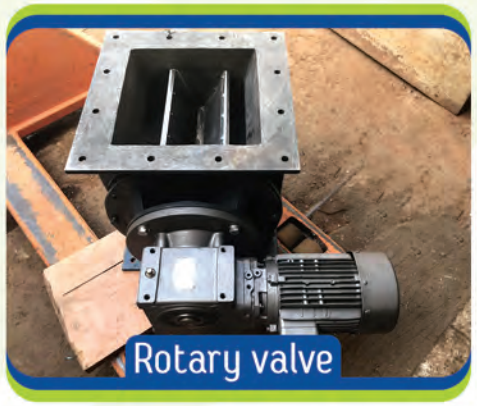
cement feed tank

Diverter valve

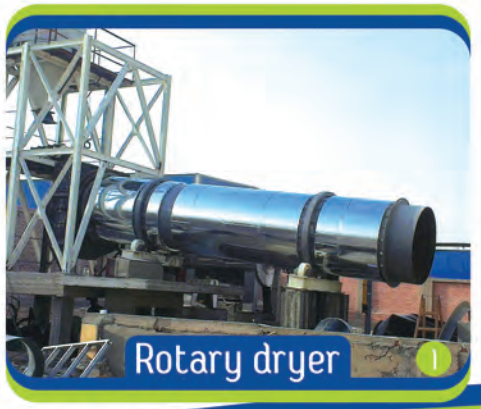
round flange Airlock

Butter ay gate

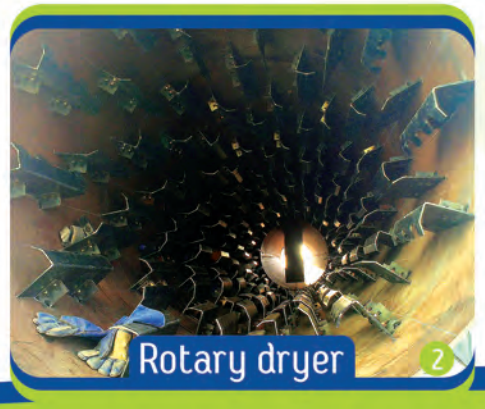
Cyclone



Rotary valve



Rotary dryer 1



Rotary dryer 2

Bucket Elevator

Screw conveyor

Our Some projects

بعض من مشروعاتنا

dust collection system

Offshore project

gypsum plant

Sand crushing and screening plant

Some of our clients

بعض من عملائنا
